Welcome to **eroticrarities.com**

This site is devoted to erotic fine art. It is not a museum site where you just get a peek at the history of erotic art, rather EroticRarities.com is a site where you can actually BUY erotic fine art. On over 100 pages you will find a compendium of fine erotic art from three centuries and several cultures - all of it for sale (although a few pieces have already been spoken for). We have over 800 images of fine erotic art on the site so it is a true adventure for the avid art eroticist. Throughout the years our focus has remained true to exhibiting and selling fine erotic art.

The collection of **EroticRarities.com** is from **Erotics Gallery**, a gallery of erotic fine art begun in New York City in 1975. The eye-opening collection chronicles erotic art from the 18th century to today.

EroticRarities.com is intended as a giant catalogue of erotic art. There are no moving parts or things that whirl around. You cannot click on any of the images and make them larger; however, if you really NEED to see larger images, [e-mail](#) a request and larger images will be sent. The site has been designed (we hope) so that it is viewable from any browser format.

Pick any section of **EroticRarities.com**, **BOOKS**, **PRINTS**, **OBJECTS**, etc. and peruse the pages of the erotic fine art that you will find there.

Of prominence in the collection is the work of a modern master, Doug Johns, a sexual surrealist sculptor whose ultimate goal is the elevation of sexuality to an art form. His work is featured under the ARTISTS and JEWELRY menus.

Each section has a drop-down menu of the pages in that field. Continue to explore and you will discover our extraordinary collection of erotic fine art. We rarely send out notices so it is a good idea to check back with us from time to time to see what is new - or what is old.
